

The Gow School

A college-prep boarding and day school for students, grades 5 – PG,
with dyslexia and similar language-based learning disabilities.

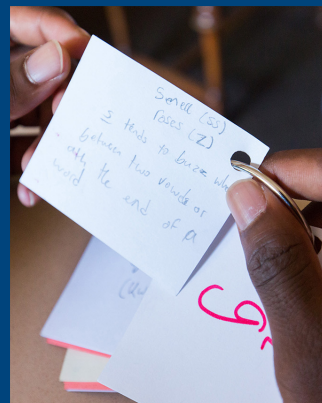

WHAT MAKES GOW WORK?

OUR PROVEN LANGUAGE-REMEDIATION PROGRAM.

At Gow, students rediscover the joy in learning, dreaming big, and reaching their potential. The source of this success? Our research-based methodology: Reconstructive Language (RL). Integrated throughout the curriculum and coupled with assistive technology, it enables students not only to dramatically improve their reading, writing, and speaking, but also to grow in overall achievement, engagement, confidence, and maturity. Here RL means more than Reconstructive Language.

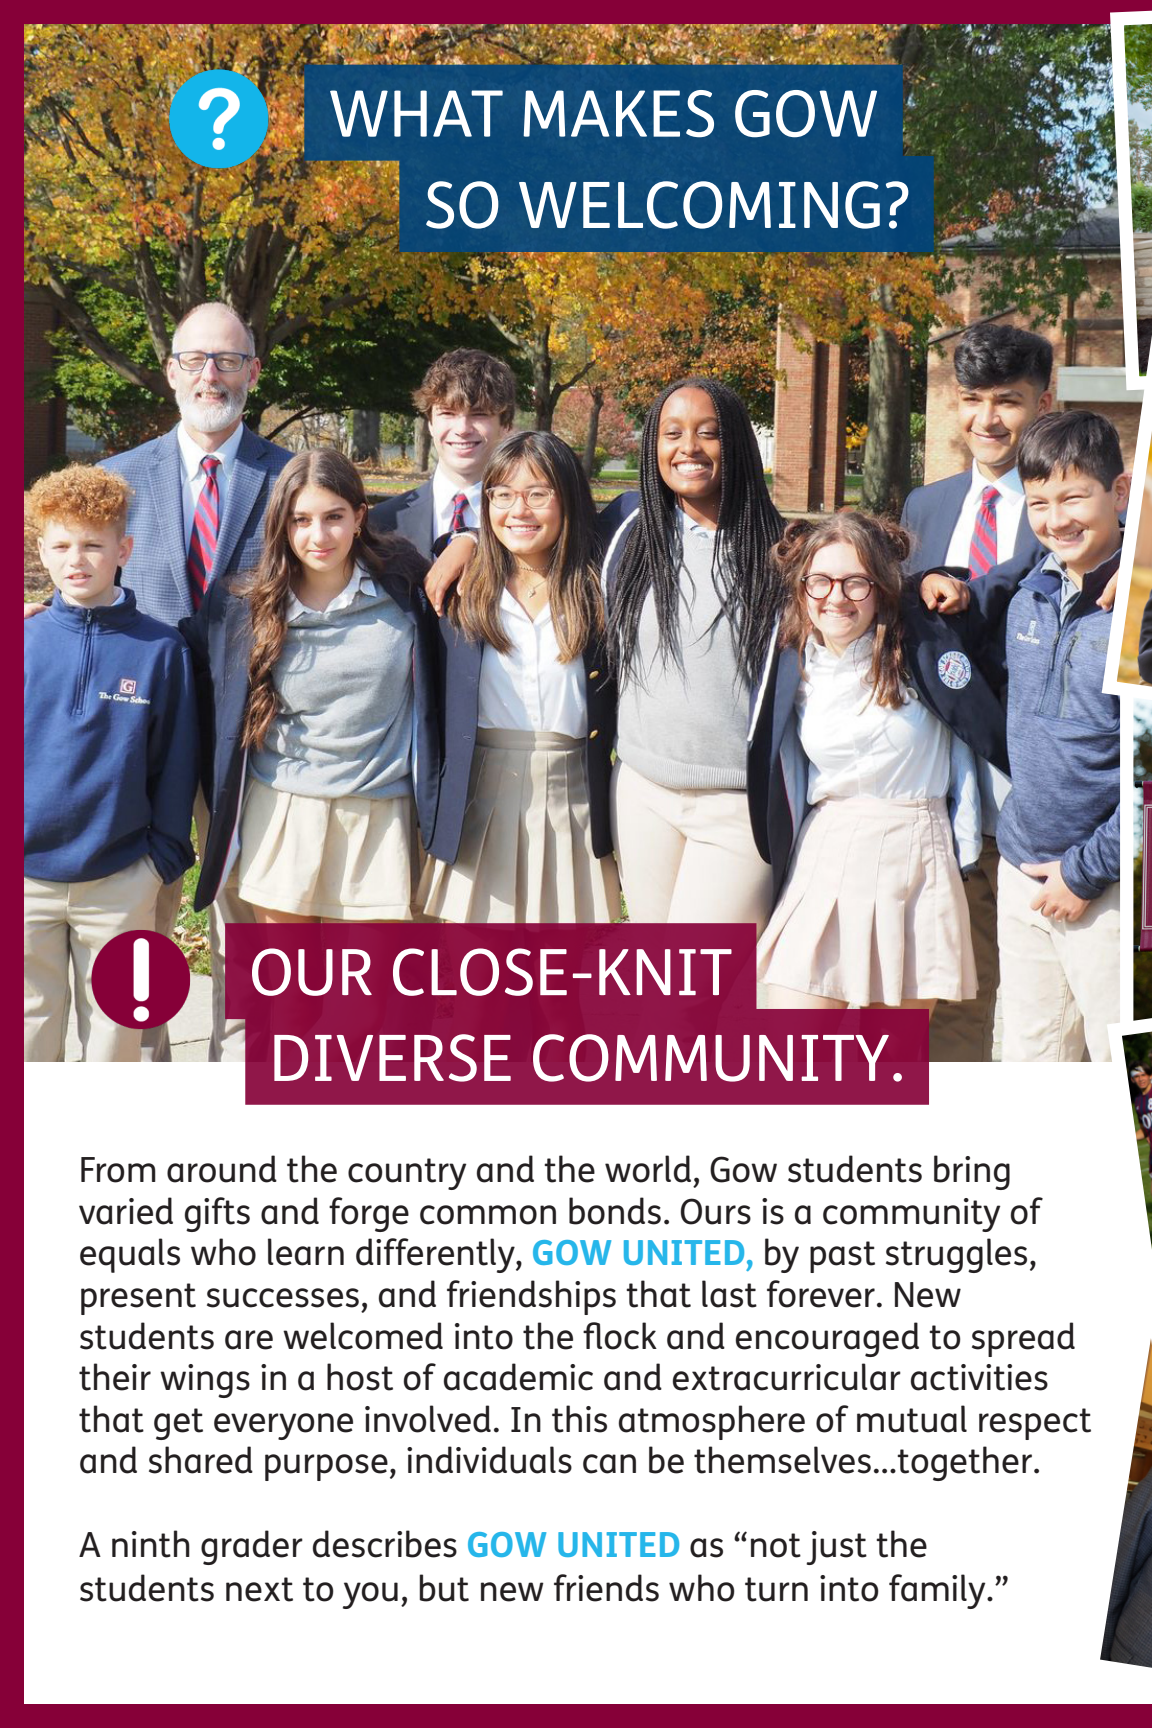

WHAT MAKES GOW
CHALLENGING YET SUPPORTIVE?

OUR EXCEPTIONAL FACULTY.

Gow teachers are all in - 24/7, 360, and 100%. They understand learning differences, their discipline, and the individual in their charge. With class sizes of three to seven students, faculty can adjust their methods to individual needs and raise expectations as students meet them. Providing **Hope with Action** in the classroom, on the field, and in the dorms. Need homework help or a gentle push? Our faculty are ready. Time to celebrate an accomplishment? They are there, too. Outside of academics, they keep on teaching, delighting in varied roles - club advisor or coach, dorm parent and surrogate parent, mentor, friend, and fan - and playing them all exceedingly well.

?

WHAT MAKES GOW SO WELCOMING?

!

OUR CLOSE-KNIT DIVERSE COMMUNITY.

From around the country and the world, Gow students bring varied gifts and forge common bonds. Ours is a community of equals who learn differently, **GOW UNITED**, by past struggles, present successes, and friendships that last forever. New students are welcomed into the flock and encouraged to spread their wings in a host of academic and extracurricular activities that get everyone involved. In this atmosphere of mutual respect and shared purpose, individuals can be themselves...together.

A ninth grader describes **GOW UNITED** as “not just the students next to you, but new friends who turn into family.”

?

WHAT MAKES GOW BRING OUT EACH STUDENT'S BEST?

!

OUR MIX OF STRUCTURE AND BALANCE.

Gow provides the structure students need to thrive. Days are organized and busy, encouraging students to be the same. Schedules are filled with classes, study halls, and activities, and yet students find time to make Gow their own. They get extra help as needed, get involved as desired, and discover talents as remarkable as they themselves. Extremely small classes allow teachers to shape their approach to suit their students' styles. Tailored to individual needs, the Gow program is **STRUCTURED TO FIT**.

?

WHAT MAKES GOW SUCCESS LONG-LASTING?

!

OUR THRIVING ALUMNI!

Every Gow graduate has a story to tell - and it's a success story. With 100% college acceptance, they are empowered to pursue college, career, and life enriched by the talents and determination developed here. Self-assurance is as evident as it is understated, built on the knowledge that the grandest achievements are meant to be shared. **EXPRESSING NEWFOUND VOICES WITH QUIET CONFIDENCE,** Gow seniors are ready for their future and for creating it.

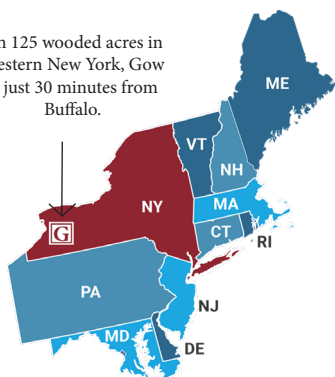

...AND THE TOOLS THEY
TAKE WITH THEM.

Thanks to our commitment to students and the effectiveness of RL, change comes quickly at Gow, often within six weeks of enrolling. Students **START FAST AND FINISH STRONG**. We help them compile a toolkit, filled with the resources and strategies they need, such as RL and assistive technology. We guide each Govian to the right college for them. And we send each student off prepared, armed with the knowledge, skills, and character they built in their years at Gow.

On 125 wooded acres in Western New York, Gow is just 30 minutes from Buffalo.
