

EMBLEY

HAMPSHIRE · ENGLAND

AMBITION ◆ BELIEF ◆ COMPASSION

Before joining Embley, I was worried about not understanding everything in English. But everyone was so kind and welcoming that I quickly felt at home. Boarding has helped me become more independent, improve my English and make lots of friends. I especially enjoy the weekend trips, shopping, swimming and spending time together in the boarding house. It's a wonderful place to learn, grow and feel part of a community.

Diane, Year 9 French Boarder, Summer 2026

EMBLEY

HAMPSHIRE · ENGLAND

Embley is more than education. Our mission is to make the world a better place through the formation of children who are ambitious and compassionate individuals with an authentic belief in themselves.

Ours is a school that attracts students who love to learn, those who are ambitious, curious and want to seize every opportunity that is afforded to them.

Alongside a rigorous and fulfilling academic programme, we scaffold a set of skills and develop quality of character; the better to form navigators equipped with a compass to guide their journey and afford them a point of reference in a changing world.

Your child will leave Embley with a promising future ahead of them, a portfolio of strong academic results and a compass that will underpin an authentic life and one well lived.

Mr Cliff Canning
Headmaster

PUPIL PROFILE COMPASS

WE ACHIEVE

Our students routinely outperform their target grades at GCSE and A Level, demonstrating the strength of our personalised approach and the lasting value of an Embley education.

Embley is ranked among the top 1% of schools nationally for student progress at A Level. From Oxbridge and Russell Group universities to competitive degree apprenticeships with organisations such as IBM and J.P. Morgan, students leave Embley prepared for a rapidly changing world.

Leading Independent Schools HMC IBM J.P.Morgan

WE RACE

Learning first hand from the Mercedes AMG GT3 racing team, Embley students have designed and built an electric single seater racing car that they are racing on the UK's top motor circuits as they compete nationally and internationally.

The programme engages children from an early age in science and engineering using the excitement of motor sport. The student-led team is contacting companies to source sponsorship for services, funding and resources to help build and run the car.

◆◆◆

"Projects like this are invaluable to companies such as Siemens, helping us to reach tomorrow's talent."

Juergen Maier, Former Chief Executive, Siemens plc

WE FLY

Embley's Flying Club gives students the opportunity to explore the mathematics, physics and engineering behind flight, navigation and aerodynamics. Each half term, students take to the skies at a local airfield, applying their learning in real-world conditions as they progress through the flying syllabus, complete tests, and work towards obtaining a Private Pilot's Licence.

Through our partnership with the British Army's airborne unit (Army Air Corps), our Combined Cadet Force cadets also gain regular, hands-on experience with both fixed-wing and rotary aircraft, deepening their practical understanding of aviation.

◆◆◆

An exceptional choice of over 180 co-curricular activities enables students to pursue their passions, embrace new challenges and make the most of every opportunity.

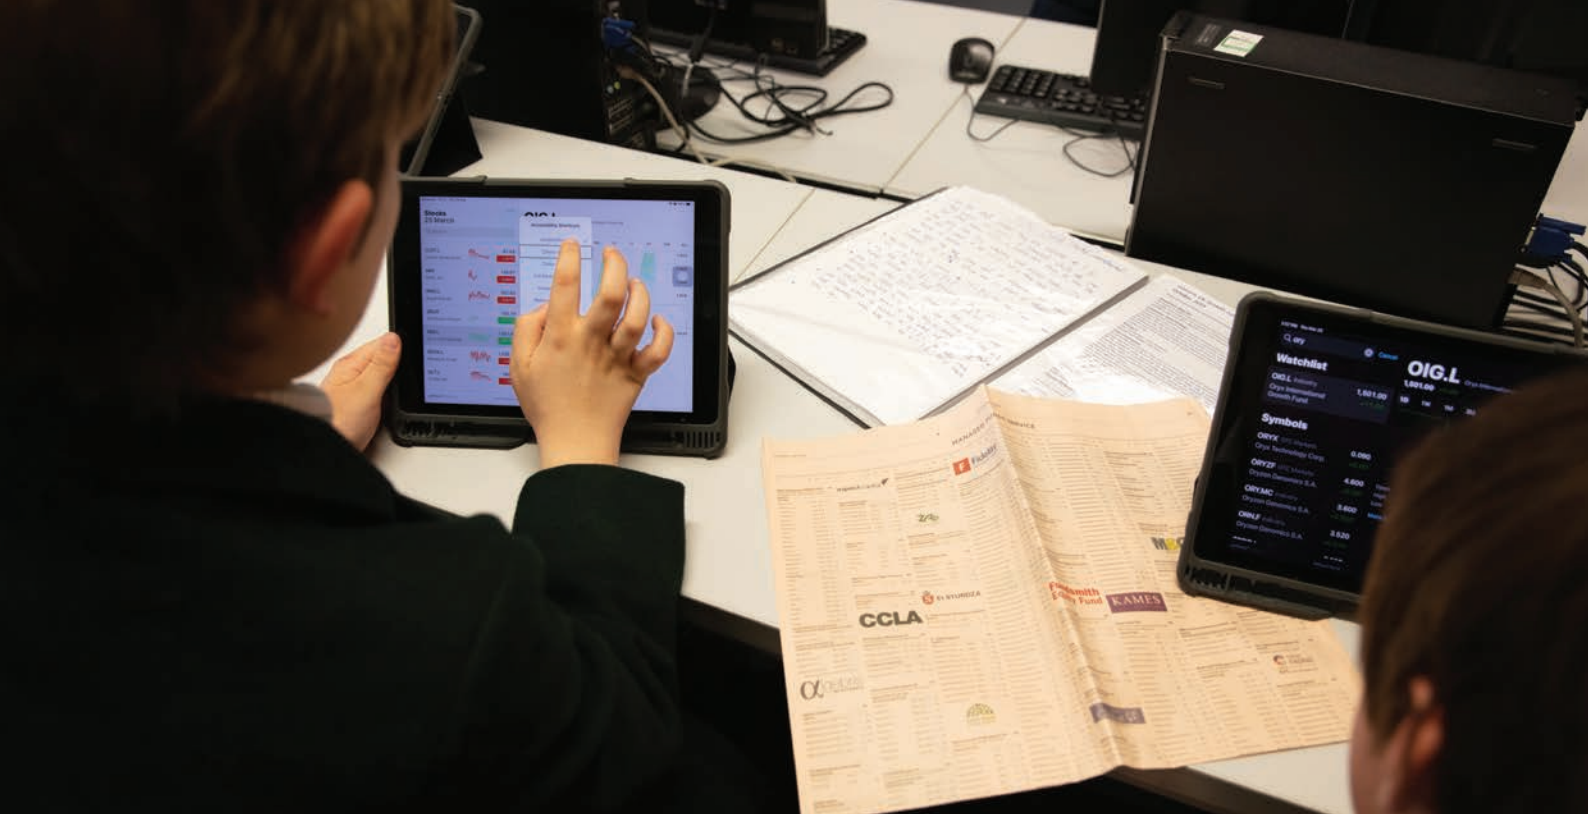

WE SAIL

All Senior School students learn coastal keelboat sailing as a mainstream sport within the curriculum aboard our fleet of keelboats moored at the Royal Lymington Yacht Club. Our students are one of the fastest team of young sailors at the internationally renowned Round the Island Race. Embley is also a member of the British Schools Dinghy Racing Association and active sailors represent the school in regional and national events.

With our resident Marine Biologist, student scientists are sailing on the school's keelboats to conduct scientific research to study marine life and the impact of climate change in our seas.

WE TRADE

Embley Asset Management is the UK's first group of school children to buy and sell stocks and shares on the global markets. They explore how events such as the UK and US elections and currency fluctuations impact investment and learn about risk management and ethical investment. It introduces students to a variety of real-life complex problem-solving experiences and they gain financial literacy.

Impressively, Embley Asset Management outperformed the FTSE 100 by a staggering 11% following the group's first live trade. When the funds mature, the profit contributes to a bursary for a student to join Embley.

◆◆◆

Students will only benefit from making healthy financial choices, starting at a young age. The key is realizing that our nation's economic tomorrow depends on the financial and business skills we give them today."
Forbes

WE CREATE

Each year, more than 100 students take to the stage in spectacular productions at Winchester's Theatre Royal, while our beautiful 130-acre estate provides the setting for open-air Shakespeare. Students recently took a self-devised production to the Edinburgh Fringe Festival, gaining first-hand experience of professional theatre on an international stage.

From collaborating with international musicians to performing in Romsey Abbey, our musicians enjoy an exceptional range of opportunities. With a choir, orchestra, big band, jazz, soul and brass bands, flute and drum ensembles, and our Community Chorus, there is a place for every musician to develop their talents and perform.

Our artists in residence lead themed-workshops and our excellent facilities include a photography workshop, Apple Mac suite and art studios cover painting and drawing, printmaking, ceramics, sculpture, textile design, photography and art history.

WE COMPETE

Students learn valuable lessons in commitment, leadership and perseverance, gaining confidence that extends beyond the sports field. For those with high performance aspirations, we offer our Performance Sport Scholarship programme.

With more than 650 fixtures each year, Embley teams compete at county, regional and national level. Our U15s rugby team is the Continental Tyres Schools National Bowl champion. Alex Danson-Bennett, Olympic gold medallist and President of England Hockey, is a member of our coaching team. As well as these traditional sports, students also represent the school in golf, climbing, skiing, horse riding and sailing.

Our rugby, hockey and cricket pitches, tennis courts, gym and 9-hole golf course are all on site, while our keelboat sailing programme is managed out of the Royal Lymington Yacht Club.

WE SERVE

Over 50 students travel to Ghana each year to volunteer at Embley's partnership school, Little Roses. They help with teaching, sports coaching, building and renovating the school. Through our 1837 Project, students, staff and parents come together to make a positive difference. Outstanding fundraising efforts funded essential WASH facilities for Little Roses, transforming access to safe water and sanitation. The impact of this project has been recognised nationally, with Embley shortlisted for two community engagement awards.

Embley's Combined Cadet Force cadets develop their powers of leadership, self-reliance and resourcefulness. Cadets take part in activities including flying, sailing, rifle shooting and adventure training. They represent the school by volunteering at community events. Cadet activities also contribute to the Duke of Edinburgh Award, which includes a wild weekend on Dartmoor as part of the Gold award.

WE INNOVATE

Embley is an Apple Distinguished School and a centre of innovation, leadership and educational excellence. Our Digital Learning Strategy is routed the latest research and teaching practices with technology enabling successful learning.

All students have an Embley iPad for their studies. Our Digital Learning Spaces is an online resource providing students with access to the latest digital content. We use Microsoft Teams to set and keep track of work and all students have Microsoft's suite of applications to support sharing and communication.

Shortlisted for the national Times Education Supplement Awards

'Senior School of the Year' and 'Best use of technology'

WE BELONG

How would you like to live in Florence Nightingale's house? We offer full, weekly and flexi boarding options within a warm, family-style community. All boarding facilities are located in the Manor House, at the heart of the school, which dates back to the 16th and 17th centuries. Our dedicated boarding team take care of all aspects of life at Embley - from academic achievement and personal development to health and happiness.

Our Bus & Board option combines the use of our minibus service with three or more nights per week in the Boarding House. It is ideal for pupils involved in activities with early starts or late finishes, or for those who would benefit from breaking up the journey to and from school.

◆◆◆

The staff here are fantastic, there's always somebody to greet you and make you feel at home."

Charles, Year 7 Boarder

WE EXCEL

We offer a range of courses to international students.

Senior School & Sixth Form Immersion Programme

Improve your English at one of Britain's leading independent boarding schools with a six to 12 week experience, in the Autumn, Spring or Summer term.

Senior School Programme

A one to five year experience that follows the British curriculum with students achieving up to nine GCSE qualifications in Year 11.

A Level Programme

The gateway to UK and international universities studying three or four A Level subjects and an Extended Project Qualification.

All programmes include:

Up to 10 co-curricular activities per week from a choice of over 180 options.
Tailored English as an Academic Language (EAL) lessons as required.

OUR FACILITIES

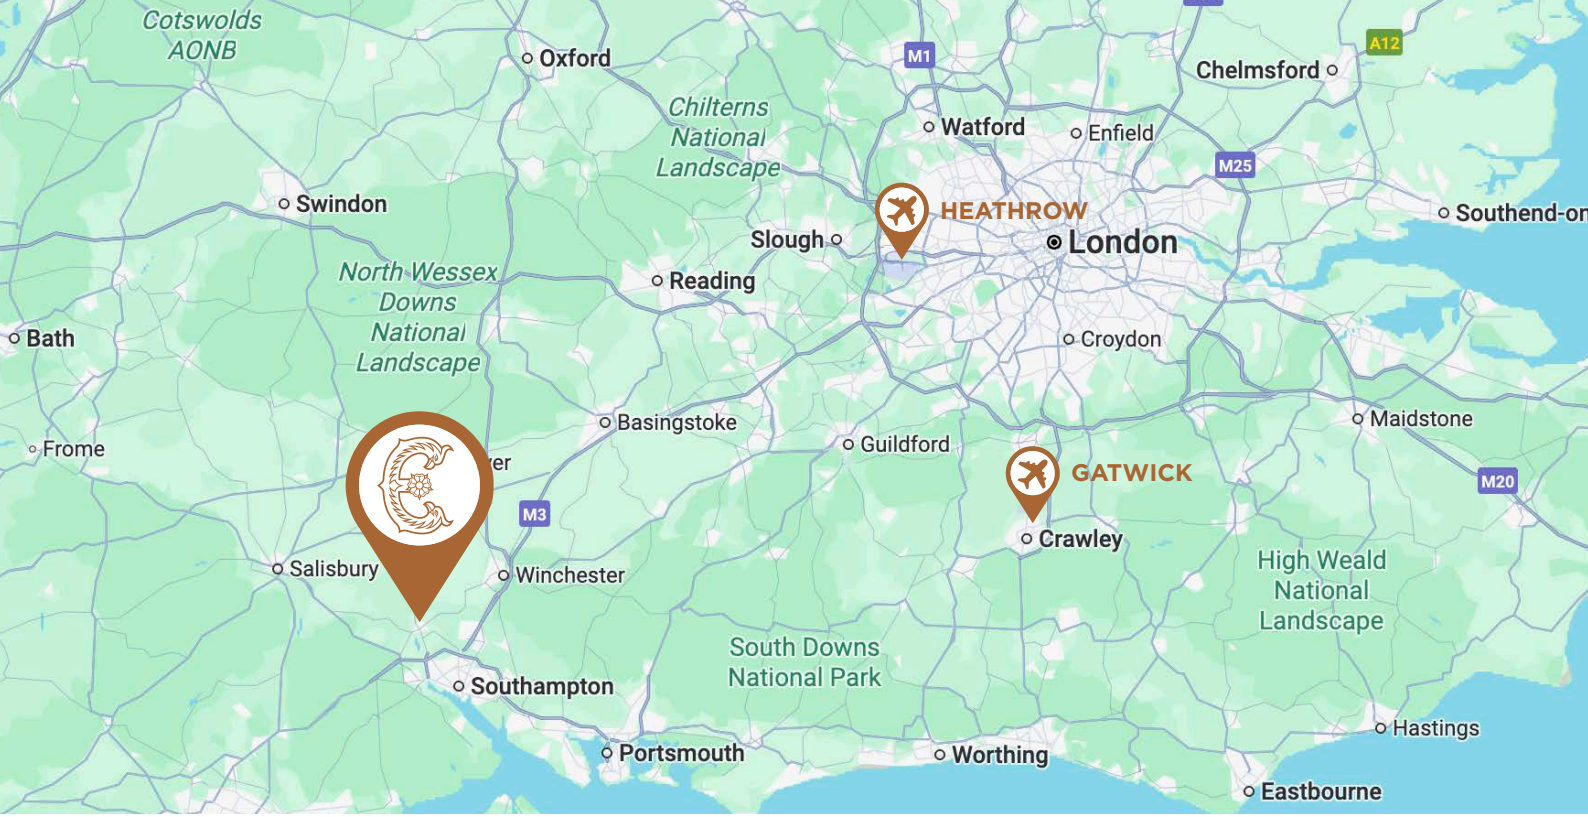

Set in 130 acres of beautiful British countryside next to the New Forest National Park, the Embley estate and Manor House was once the home of Florence Nightingale.

Our facilities include:

- Modern classrooms with Apple technology
- Eight science laboratories
- Sixth Form Centre & Study
- Performing Arts Centre
- Purpose built music recording studio
- Art studio with Sixth Form pods for independent study

Sports facilities:

- 9-hole golf course on site
- Keelboat sailing programme
- Six tennis courts
- Three rugby pitches
- Two cricket pitches
- Athletics track
- Fitness and weights suites

OUR LOCATION

A perfect coast and countryside location in the beautiful Hampshire countryside close to the New Forest National Park. Embley is not far from the cities of Southampton and Winchester, and being in easy reach of London means students have the benefits of being in a rural location without being isolated.

London Heathrow is 60 minutes by car

Close to the M27 and M3. London is a 60 minute drive away.

Nearest stations are Southampton Airport Parkway and Winchester.

Ferry terminals to Europe can be reached in 45 minutes.

A dynamic, forward-thinking school in a stunning location, where pupils are encouraged to 'find what makes them tick' (whatever that may be) and stretched and challenged to 'be their best'.

THE GOOD SCHOOLS GUIDE

Stimulating lessons and co-curricular, confidence-boosting activities and opportunities, and a listening culture where their voices make a difference mean pupils feel invested in their own learning and empowered to achieve their very best.
