SAINT IT'S GREAT
TO BE A
SCOT

ANDREW'S

SCHOOL

WHEN YOU HAVE EXTRAORDINARY OPPORTUNITIES, YOU FIND WHAT MATTERS

It's a gift to have exposure to different ideas and perspectives; to have the support and confidence to try new things; to never feel confined to a box or a label.

When you're part of a school that's creative and challenging, focused and all-encompassing, it's easy to find your true passions and cultivate your talents. It makes becoming you a spirited and memorable journey.

THIS is Saint Andrew's School, a dynamic community where smart, talented students have every opportunity to develop their MIND, BODY, and SPIRIT.

Here, students from all over the world live and learn with honor and compassion. They embrace academic rigor and work toward the common good. They compete at the highest levels and are proud to call themselves SCOTS.

If you're ready to explore big ideas and push your potential, you're ready for this—and Saint Andrew's School is ready for you.

ACADEMICS

WHEN YOU KNOW WHERE YOU'RE GOING, YOU GO WITH CONFIDENCE

It takes time to find your path; to discover your passions, to set personal goals, to reach your full potential. At Saint Andrew's, all students have the space to achieve and the support to try—because we believe that academics should be both **demanding and balanced** to help students develop and grow.

Our college preparatory curriculum inspires imaginative problem-solving, active learning, fearless inquiry, and lifelong discovery.

Perhaps that's why Saint Andrew's is consistently recognized as a top private day and boarding school, educating the best students in grades Pre-K through 12 from across Florida, the United States, and the world.

GROWING UP THE SCOTS WAY

LOWER SCHOOL (Pre-K - Grade 5) encourages and celebrates children's **natural sense of wonder** as they grow into confident learners through the IB Primary Years Programme. Our balanced model for learning and instruction—guided by two experienced teachers in each classroom and talented specialists throughout the day—builds community, ignites curiosity, and establishes close relationships.

MIDDLE SCHOOL (Grades 6 - 8) develops creative learners who take **healthy risks in the classroom**, pursue passions with confidence, and create global connections in the IB Middle Years Programme. Dynamic, student-centered learning experiences give students opportunities to collaborate, be creative, think critically, problem-solve, and develop authentic solutions to real-world problems.

UPPER SCHOOL (Grades 9 - 12) creates confident idea generators who are self-motivated to set and reach purposeful goals as they deepen their knowledge and skills through their choice of the IB Diploma Programme, AP offerings, honors-level courses, and future-focused curricular offerings. World-class faculty help students discover and develop their **unique and individual passions** as they graduate to their best-fit college or university.

WHAT'S IT LIKE TO LEARN AT SAINT ANDREW'S? **AN HONOR**

At the heart of every classroom, every competition, every interaction, and every SCOT is a strong sense of honor. It's a commitment embodied in the Saint Andrew's Honor Pledge and in the values we share as an independent school founded in the Episcopal tradition.

"As a member of Saint Andrew's School, I pledge my honesty, academic integrity, sportsmanship, and stewardship to the school community, and I expect others to be responsible and to do the same. HONOR ABOVE ALL."

LOOKING FOR A COMPETITIVE EDGE? **TRY THIS**

I entered Saint Andrew's in ninth grade, and in my four years as a SCOT, I was not only able to develop and refine my passions, but also achieve some big goals. I was able to study Spanish in Madrid, perform more than 50 hours of community service in one summer alongside a chiropractor, and finish Top 50 in a global Ninja Warriors competition. One of my proudest accomplishments was receiving my **fourth U.S. Patent** for creating a headache relief device. Whether in class or off-campus, Saint Andrew's gave me the support and confidence to go after my dreams.

AND U.S. PATENT HOLDER**

WHEN YOU HAVE BOLD DREAMS, YOU UNLOCK UNLIMITED POSSIBILITIES

School should light you up, not burn you out. That's why balance is built in at Saint Andrew's.

When you're a SCOT, you're empowered to pursue your biggest dreams, no matter where they take you—the field, the stage, the studio, the lab, or somewhere totally new. We encourage students to explore all aspects of their talents and personalities, and to foster creativity both in and outside of the classroom.

This intentional balance between academics, athletics, and the arts allows SCOTS to aim high, work hard, have fun, and achieve big things. It really is great to be a SCOT.

SCOTS ARE...

SCHOLAR-ATHLETES

At Saint Andrew's, students compete to win—and win a lot—and do so with honor in one of the best athletic programs in Florida!

From physical education in Lower School to interscholastic sports in Middle School and Upper School, students strive for excellence, encourage each other, and generate immense pride in the larger school community.

Their hard work and dedication pay off: SCOT athletes earn notable athletic scholarships and are recruited to play for top colleges and universities.

19 SPORTS

65+ TEAMS

50+ STATE CHAMPIONSHIPS

80+ INDIVIDUAL STATE CHAMPIONSHIPS

IMPRESSIVE ARTISTS

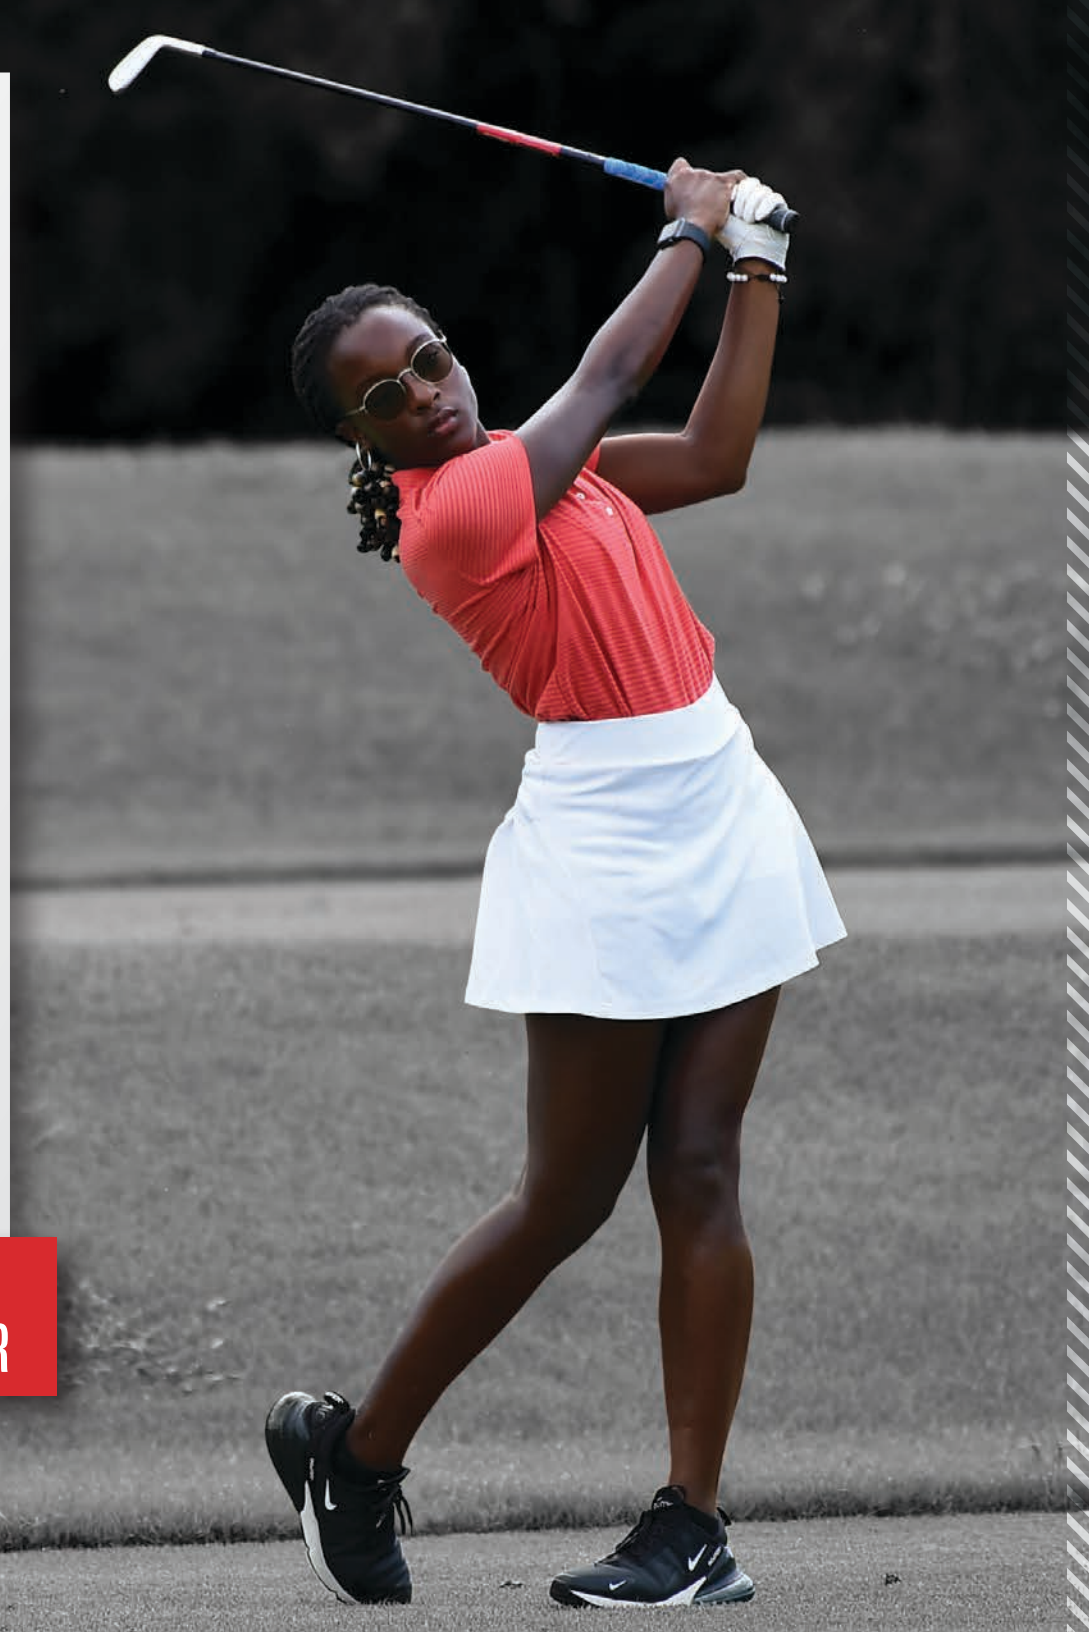

Art is for every SCOT at Saint Andrew's. Here, students blossom into musicians, actors, dancers, visual artists, performers, and film and broadcast stars, exploring their artistic identities as they expand their technical skills under the instruction of gifted faculty.

Our goal is to encourage individual creative expression, develop techniques, and build the confidence within each SCOT to communicate through exhibitions and performances.

WANT TO MAKE YOUR MARK? LOOK AT THIS

When I think of Saint Andrew's, I think of a challenge—which is a good thing, because it feels all the better when I do well, whether in academics or athletics. My big passion is golf; I've been playing for 13 years, and am co-captain of our Varsity Women's Golf team. I was also part of the Palm Beach All-County first team for the past three years and placed 21st in states, and 6th in the Mack Champ Invitational. But that's not my only focus as a SCOT. I was able to earn more than 80 hours of community service working at a summer camp, I participated in the 2019 NAIS Student Diversity Leadership Conference in Seattle, and I'm President of the Black Student Union. **I love that I can explore all sides of myself here—** while improving my game with my best friends!

PORTRAIT OF A SCOT

A SCOT IS...

COMMITTED TO EXCELLENCE

Through lifelong learning and the pursuit of passions

WELL-BALANCED

By committing to physical and mental well-being

INNOVATIVE

With the courage and creativity to take intellectual risks

SPIRITUALLY AWARE

Embracing their own beliefs and valuing the diversity of others

ENGAGED

By leading positive change and serving others

BOARDING

THIS IS THE CAMPUS YOU WILL NEVER WANT TO LEAVE

When your school sprawls **81 beautiful acres** in temperate South Florida, you'll love every moment spent enjoying open outdoor spaces, reading under banyan trees, or walking between our impressive facilities. Add to that an award-winning dining program based on fresh, seasonal produce, and Saint Andrew's will quickly become your favorite place to be.

WHEN YOU GROW UP TOGETHER, YOU CALL THE WORLD HOME

Saint Andrew's students come from different countries, belong to different cultures, and have a wealth of different interests, and they're all proud to be called SCOTS.

That's because Saint Andrew's is a celebration of differences, a place where day and boarding students from more than a dozen states and 40 countries live and learn together as they deepen their intercultural understanding, develop open minds and empathetic hearts, and blossom into true global citizens.

In this supportive, diverse community, students learn to reach beyond their comfort zones and use their talents to make the world a better place—all while having fun and forging lifelong friendships.

THE SCOTS LIFE

BOARDING brings together resident students in grades 9 through 12 on our vibrant 81-acre campus, where faculty mentors, a family-like atmosphere, robust weekend programming, and after-hours homework help provide the support and self-sufficiency students need to seamlessly transition to college.

STUDENT LIFE is colorful and dynamic for both resident and day students alike, bringing SCOTS together for afternoon and evening activities that allow all to more deeply explore their interests and bond with their community. From clubs to community service, aviation to TEDx, there's always something happening at Saint Andrew's.

COMMUNITY is everything at Saint Andrew's. We meet students where they are and we embrace who they are. We affirm the essential dignity of each SCOT.

WANT TO LIVE THE SCOTS LIFE? IMAGINE THIS

I'm part of the boarding program at Saint Andrew's, and **life on campus is really energizing and fun**. After waking up and having breakfast with friends, I get to take high-level classes in my own areas of interest—like IB-level Film (a topic I plan on studying in college). The variety of what's offered here has allowed me to try so many things: I'm a Dorm Prefect; a member of HOLA club (Spanish Cultural Club), Black Student Union, Wellness Club, and Tree Club; in the Student Council; and on the Swim Team. And at the end of the day, I get to catch up with friends over dinner, finish my homework with extra help from teachers, have a cup of tea, and prepare for another amazing day!
